## Work Experience

## Volunteer Experience

### Pick-Packer

The Salvation Army-Auckland City, Auckland

December 2017 to December 2020

As a member of the NZCCC, a christian church community. In 2017 on 10th December. Also in 2018 from 10 am to 2 to 3pm. I volunteered as a pick-packer with the Glenfield Salvation Army. The entire team packed 252 boxes of parcels altogether. I packed a box in 5 to 10 minutes, making sure each item is placed properly and included according to their list.

### Retail Assistant

Red Cross Shop-Auckland City, Auckland

October 2022 to December 2022

Assorting cloth hangers. Hanging clothes onto the clothes rack in a timely manner. Picking up clothes on the floor. Checking dressing rooms for clothes. Tidying displays. Cleaning and sanitising the shelves and displays. Assorted the books, scarves, bags, and bedroom materials. Clean the shelves displaying the kitchenware. Help clean the children's corner by making it in proper order. Classifying materials and toys in the right boxes. Worked in each section of the shop including the back room. Received a certificate of completion for 15 hours at the Red Cross Shop in Wairau Park. The link to see the certificate is in the Certification section. My referee is Valentina Karpenko, the shop manager. Her phone number: 0220326228.

### Remote English Tutor

Overseas Community Affairs Council-Auckland City, Auckland

December 2021 to January 2022

Went through a training process to learn how to layout my slideshows, what resources to use and more. Teaching elementary students of 5th to 6th grades for seven days. Created a weekly schedule. Each day of the week contains

a slideshow made by Google Slides to teach children English words and sentences. At least 4 new words and 3 sentences using those words were introduced for each slide show. Spoke simply and clearly over each slide to the students. Repeating words and sentences at least twice for better memorisation. Included videos to the visually engaging presentations for children to practice hearing. Communicating with local teachers and my tutoring partner using the Line app to create a weekly schedule. Used Kahoot to make fun and educational quizzes as revision for students learning for some slideshows. Used the resources as mentioned in the training process such as Whiteboards online and website games.
